

Here is a simple guide to four of our newest products, including information about what makes them superior to their original formulas!

ORIGINAL FORMULA	NEW FORMULA
<p>Carnitine Synergy (serving size 1 capsule)</p> <p>L-Carnitine 400mg Acetyl L-Carnitine HCl 100mg</p>	<p>Carnitine Synergy 2.0 (serving size 4 capsules)</p> <p>L-Carnitine 800mg Acetyl L-Carnitine 800mg Green Tea Extract 200mg Alpha Lipoic Acid Evodiamine 100mg</p> <p>Explanation: More comprehensive formula, combines lipid metabolism properties of Carnitine w/ thermogenic qualities of Green Tea and Evodiamine to create synergistic fat burning formula. ALA and Green Tea provide powerful antioxidant properties to fight oxidative stress. Together these ingredients improve metabolic activity, fat metabolism, and thermogenesis; protects against age-related metabolic decline through reduction of oxidative stress.</p>
<p>Mega D3 Px (serving size 1 softgel)</p> <p>Vitamin D3 (as cholecalciferol) 10,000 IU Vitamin K (as vitamin K1 phytonadione 200mcg; vitamin K2 menaquinone-7 20mcg)</p>	<p>Mega D3 2.0 (serving size 1 capsule)</p> <p>Vitamin D3 (as cholecalciferol) 10,000 IU Vitamin K (as MK-4 and MK-7) 90mcg</p> <p>Explanation: This formula uses MK4 and MK7 while the old used K1 and MK7. K1 needs to be converted to MK4 – by using MK4 there is no concern about being able to convert. MK4 has stronger research supporting significant health benefits over vitamin K1, such as ability to prevent bone loss and breaks in menopause, states of liver disease, etc.</p>
<p>COMING SOON</p> <p>Methylator Support Px (serving size 1 tablet)</p> <p>Riboflavin 5mg Vitamin B6 (as pyridoxine HCl) 25mg Folate (as folic acid and L-5-methyl tetrahydrofolate) 800mcg Vitamin B12 (as cyanocobalamin) 500mcg Zinc (as zinc glycinate) 5mg Trimethylglycine 500mg Choline (as choline bitartrate) 100mg Intrinsic Factor 20mg</p>	<p>COMING SOON</p> <p>Methylator Support 2.0 (serving size 3 capsules)</p> <p>Thiamin (vitamin B1) 50mg Riboflavin (vitamin B2) 100mg Niacin (as niacinamide) 75mg Vitamin B6 (pyridoxine HCl) 50 mg Biotin 1000mcg Pantothenic Acid (as calcium d-pantothenate) 150mg Vitamin B6 (as pyridoxal 5-phosphate) 30 mg Folate (as Quatrefolate) 1000mcg Vitamin B 12 (methylcobalamin) 1000mcg Proprietary Blend: Betaine Anhydrous (TMG), Inositol, Choline Bitartrate, PABA, Benfotiamine</p> <p>Explanation: More Riboflavin, more B6, 200mcg more 5-MTHF; addition of other nutrients like Niacin. It is a more comprehensive, full spectrum, therapeutically-dosed B complex. Formula is easily absorbed & utilized; contains active components of B-Vitamin family with TMG to support methylation reactions, metabolic functioning as well as neurological and cardiovascular health.</p>

Primal Zinc Px (serving size 1 tablet)

Zinc Carnosine 75 mg
Zinc (from zinc carnosine) 17mg

GI Qwell (serving size 2 capsules)

Zinc Carnosine 75mg
Active Aloe 350mg
Slippery Elm 350mg

Explanation: Supports GI function, integrity of GI tissue, helps decrease pathogenic bacterial and fungal overgrowth related to GI imbalance. **More comprehensive GI support formula, with addition of active aloe for antibacterial properties, inflammation support, microfloral balance; addition of slippery elm to support healthy GI tissue and improve gastrointestinal barrier integrity.**
